## - John's Tips -

Hello New Residents,

First let my staff and I welcome you to Trimark properties. As your maintenance team we will be involved with completing your service requests, hopefully in a timely manner and making your stay with us a pleasant one as the year progresses. Our staff is trained to handle most type of repairs, but we do prioritize certain requests. Safety being number one, we ask each of you to make sure your doors & windows lock properly. Next, make sure your utilities are working correctly, and then check all of your appliances for proper operation. Finally, all other remaining requests will be taken care of in the order they have been received. Be sure to use our on-line service request system which is located at [www.TrimarkProperties.com](http://www.TrimarkProperties.com) to help expedite your requests and once again were looking forward to assisting you with any issues that may arise during the current year. Thanks again for staying with us and have a great school year!

Sincerely,

Trimark Properties Maintenance Staff
